BACKGROUND DISCUSSION:

The intersection at 1300 West and 7800 South has become congested over the past 15 years, and some of the geometry of the intersection contributes to this congestion. This project is meant to upgrade the intersection to allow improved flow of vehicles through the intersection during peak hour conditions. This project will use Federal funds and was approved through the Wasatch Front Regional Council process in 2011-12. The project was added to the State Transportation Improvement Program, or TIP, in 2012. Project design money is available now, with the bulk of the construction dollars available in the 2015 and 2016 Federal fiscal calendars (October to October). The design process is envisioned to take approximately one year.

In addition the Local Agency agrees to pay 100% of the overruns that exceed \$482,677 and any ineligible costs when requested by UDOT.

All project costs not reimbursed by FHWA shall be the responsibility of the Local Agency. No costs are eligible for federal aid reimbursement until authorized by the FHWA through Form R-709, Request for Federal Aid Project Approval, separate from this Local Agency Agreement.

For the specific funding for the project, see page 1, Statewide Transportation Improvement Program (STIP).

The Local Agency shall comply with 23 CFR Section 710.203 for FHWA reimbursement requests of real property acquisitions. Any periodic plan and specification review or construction inspection performed by UDOT arising out of the performance of the project does not relieve the Local Agency of its duty in the performance of this Project or to ensure compliance with acceptable standards.

IX. Single Audit Act. The Local Agency, as a sub-recipient of federal funds, shall adhere to the Federal Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, <http://www.whitehouse.gov/omb/circulars/a133/a133.html>. The Local Agency shall determine reimbursement eligibility for identified relocations based on Local Agency Franchise Agreement or Ordinance. If not reimbursable, submit a written statement to UDOT that the Local Agency is "legally unable to reimburse the utilities" for relocation or protection work as part of the project. Utility relocations deemed to be reimbursable will be performed in accordance with 23 CFR Section 645, Utilities, Subpart A, and are subject to 23 CFR Section 635.410, Buy America Requirements.

All the necessary right of way must be obtained before the project is advertised. No limitations concerning right of way shall be allowed. For UDOT right-of-way certifications required for advertising access the following: <http://www.udot.utah.gov/main/f?p=100:pg:::::1:T,V:808,34728>.

For real property disposals the Local Agency shall comply with 23 CFR Sections 710.409 and 710.403. The Local Agency should have property management records, which identify inventories of real property considered excess to project needs. If a Local Agency determines that real property initially acquired as part of the project is declared excess and disposed of the Local Agency must comply with 23 CFR Sections 710.409 and 710.403. This requires that the Federal share of net income from the sale or lease of real property acquired with Federal assistance be used for Title 23 eligible projects. Refer to <http://www.gpoaccess.gov/cfr/retrieve.html> for additional information. The Local Agency shall deposit the net proceeds from the sale or lease with UDOT to be applied towards a Title 23 eligible project as authorized by the appropriate metropolitan planning organization or the Joint Highway Committee.

XIV. **Change in Scope and Schedule.** Local Agency recognizes that if a project scope changes from the original intent of the project application, the project will need to be re-evaluated by the responsible agency that programmed the project. Such a review may result in approval of the scope change, removal from the program, or adjustment in the federal aid funds programmed for the project.

Local Agency is responsible for the schedule of the project. If the project cannot progress as programmed, the responsible programming agency may advance other projects and require the project to wait for next available funding.

Any change orders required to meet the terms and conditions of the construction contract will be initiated by UDOT. UDOT will notify the Local Agency of any such change orders. At the Local Agency's request, UDOT will initiate change orders that cover betterments.

The Local Agency shall be responsible for 100% of the costs of all change orders on the Project not reimbursed by FHWA.

XV. UDOT Service Costs. UDOT may provide expertise in project management, contract preparation, design plan reviews, advertising, construction materials verification/certification, technical assistance, engineering services or other services as needed. Appropriate charges for these costs will be included in invoices to the Local Agency.

XVI. Additional Contracting Party. If the Local Agency desires to be an additional contracting party and an additional bondholder or obligee on the performance bond for Class B and C roads, a signed letter on official letterhead by the governing body of the Local Agency shall be an attachment to this Federal Aid Agreement. This provision applies only to federally funded projects and only on B and C roads.

XVII. Termination. This agreement may be terminated as follows:

1. By mutual agreement of the parties, in writing.
2. By either UDOT or the Local Agency for failure of the other party to fulfill their obligations as set forth in the provisions of this agreement. Thirty day written notice to terminate the Agreement will be provided to the other party describing the noncompliance of the Agreement. If the noncompliance is not remedied within the thirty day period, the Agreement shall terminate. However, if UDOT believes that the Local Agency is violating the Agreement that may result in harm to the public, inappropriate use of federal funds or if the Federal Highway Administration requests immediate termination, UDOT may terminate the Agreement without giving the thirty day notice.
3. By UDOT for the convenience of the state upon written notice to the Local Agency.
4. By UDOT, in the event that construction of the project for which this design engineering is undertaken is not started by the close of the fifth fiscal year following the fiscal year in which this agreement is executed.

No provision of this Agreement shall be waived unless such waiver is in writing and signed by the party alleged to have waived its rights.
4. Each undersigned represents and warrants that each has been duly authorized for all necessary action, as appropriate, to execute this Agreement for and on behalf of the respective parties
